

WMAHSN-59a and 59b Reminder to attend for contraception review

Purpose: To remind women to return for a review / replacement of their contraceptive pill before the supply of contraceptive that the patient has is exhausted.

Summary of protocol :

Six weeks before the supply runs out, the patient is texted to make an appointment, and is reminded up to three times. In order to stop reminders, the patient has to text the word 'PILL' to indicate that they have made their appointment.

WMAHSN-59a:

Day 315-340 12:00

Hi. You need to make an appointment now for your contraceptive pill review in the next month. Please text PILL when you've made your appointment. Thanks, Flo.

3x every 4 days

Your contraceptive pill renewal is due very soon. Please make an appointment, and text PILL when you've done so. Thanks, Flo.

Thank you for making your appointment. We are looking forward to seeing you.

WMAHSN-59b:

Day 135 – 180 12:00

Hi. You need to make an appointment now for your contraceptive pill review in the next month. Please text PILL when you've made your appointment. Thanks, Flo.

3x every 4 days
